I have tried to respond to all of the points raised in your letter of the 23<sup>rd</sup> May and I am sure there is still a misconception among the residents at Waterstone Park that Countryside Properties and Countrywide Property Management are one and the same, but this is not the case. We have at all times followed the terms of the formal documents, we have at all times endeavoured to work with those involved, owners, residents, and Countryside Properties, and we have at all times put the best interest of the development first.

Should the Residents Association feel a productive way forward would be to hold a meeting Countrywide would certainly attend to develop a stronger relationship between owners and agent.

Yours faithfully,
